Viksit Odisha for Viksit Bharat

A Vision for 2036 and Beyond

Jai Jagannath!

With reverence, we salute the sacred land of Odisha, where simplicity intertwines with resilience, preserving a rich cultural heritage amidst the corridors of time. Odisha's stoic spirit has weathered storms of change and external pressures, standing as a beacon of cultural and spiritual heritage that bridges the past with a progressive future.

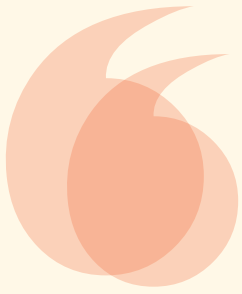

Our vision for Odisha is rooted in inclusive development that promises prosperity for all. It begins by liberating the agricultural sector from bureaucratic entanglements, ensuring farmers have access to robust infrastructure and support. By pursuing innovation, opportunities for growth, and the proper implementation of the New Education Policy—we pledge to empower the youth, nurturing their potential to lead Odisha towards prosperity. Additionally, we are committed to revitalising the health and education sectors while strengthening infrastructure and igniting a new era of holistic development. Harnessing Odisha's immense potential holds the key to building a **Viksit Bharat** - a developed India. To achieve this, we must envision a **Viksit Odisha**, revitalising its foundations for a brighter future.

The Bharatiya Janata Party envisions Odisha as Eastern India's powerhouse, where socio-economic challenges are met with transformative solutions. Under the visionary leadership of Prime Minister Shri Narendra Modi Ji, our goal is to shape Odisha into a land of boundless opportunity and realised dreams. Primacy in all aspects will be given to the garib parivar jan, yuva, anna-daata and naari- as laid out in the national development roadmap as well.

Inspired by the BJP's ethos of "**Kaama Sabu Hata Ku, Paani Sabu Kheta Ku and Chhatta Sabu Munda Ku,**" we aspire to create a '**Viksit Odisha**' - a state where farmers thrive, youth find employment, and women are empowered. As we embark on a journey towards the 100th year of Odisha's formation, the BJP envisions making the state a trillion-dollar economy by 2036.

Through decisive leadership and strategic initiatives, we will propel Odisha towards **Utkrisht Utkal** where prosperity, opportunity, and empowerment flourish for all. The BJP's unwavering commitment places the people of Odisha at the heart of its governance model - **Odisha re Odia loko paen, purna Odia shasan**. With this vision, we will realise the full potential of this land of abundance.

**Dear Brothers and Sisters,
Namaskar**

Bharat, the world's largest democracy, will celebrate its biggest festival by holding the 18th Lok Sabha and the 16th Assembly election of Odisha. In addition, the country will mark celebratory milestones like the Amrit Festival during its 75th year of independence and celebrate the Centenary of Independence in 2047, fostering national unity and progress. As Odisha nears its centenary in the coming twelve years and as a distinguished province in 2036, it's an opportune moment for our nation and state to craft an inclusive, comprehensive and extensive path towards Viksit Bharat and Viksit Odisha. Following the Prime Minister's vision of 'Atmanirbhar Bharat', Bharat is dreaming of becoming self-reliant in all aspects, including agriculture, education, industry, transport, defence, civil aviation, and foreign affairs, thereby building a new and strong Bharat.

The current regime has distorted Odia's identity by squandering the human resources and linguistic wealth of the state. Due to rampant unemployment in the region, the brave sons of Odisha's sacred womb have been sacrificed at the altar of Dadan and are entrapped by corrupt officers from neighbouring states. We urge the people of Odisha to step forward to form a Shashakta Odisha and protect their cultural heritage from the plunderers. For over 25 years, Odisha's governance has been under the same leadership; the pace of progress and real change has yet to meet the aspirations of our people. Along with the karyakartas and the sevaks of the Bharatiya Janata Party, we invite you to envision a new beginning for our state.

Our manifesto, 'Modi'nka Guarantee,' reflects the BJP's commitment to the development and advancement of Bharat and Odisha. We aspire that a native Odia assumes the role of Chief Minister, ensuring Odisha's triumph across all arenas. We ask for your trust and support in the upcoming elections to bring about the change Odisha deserves. The journey ahead requires a collective effort, a united vision, and a shared commitment to Odisha's transformation. I invite you to join us in this transformative journey to bring about the change Odisha deserves, and to ensure our state not only matches but exceeds national growth standards.

**Jay Jagannath
Bande Utkal Janani
Vande Mataram**

Shri Manmohan Samal
BJP State President

Namaskar to all my Odia brothers and sisters,

We have all been witnessing the tremendous strides made by Bharat in the last ten years. Prime Minister Shri Narendra Modi Ji dreams of weaving the tapestry of a developed Bharat, initiating transformative endeavours towards this noble vision. However, Bharat's development shall be truly realised only upon Odisha also achieving development goals.

Keeping in view Modi ji's vision of 'Viksit Bharat, Viksit Odisha', we aim to transform Odisha with enthusiastic support from the people, underscoring your role in ushering in an era of progress and prosperity.

Over the last 25 years, the landscape of our state has been marred by the same Government, one that has not been able to keep up with the dynamic aspirations of Odisha's people. The BJD's half-baked policies have consistently deprived the people of essential welfare schemes like housing, sanitation facilities, electricity, gas, and health insurance. Besides, for years, an inefficient administration has exploited the state's abundant mineral resources under the guise of economic growth.

Further, the leadership's anti-Odia stance has enabled non-Odia individuals to exploit Odisha's resources. We are determined to reclaim Odisha's identity by appointing a native Odia speaker as the Chief Minister of this 'Subarna Odisha'. It has become increasingly clear that the time has come for a new vision that can eliminate development stagnation.

Our resolution embodies the collective hopes, aspirations, and objectives we hold dear in this electoral campaign. To ensure this, we had deployed 23 LED vans across the state, conducted numerous conferences, and garnered input from 4.5 million Odisha residents.

Today, I am proud to present our party's manifesto. This document is not merely a set of promises but a blueprint for an empowered and prosperous Odisha. This manifesto is the culmination of extensive consultations with various stakeholders—women, farmers, youth, informal sector workers, professionals, industry leaders, and elected representatives. It reflects the aspirations and dreams of the entire state as well as aligns with the vision of our Prime Minister, Shri Narendra Modi Ji.

I am thankful to the manifesto committee members and our State President for their support and guidance in drafting the manifesto. Let us move forward together with a renewed spirit and steadfast dedication to make Odisha a leading state in the country. We promise to work tirelessly to ensure our policies and programs meet the standards our citizens deserve.

Jay Jagannath !

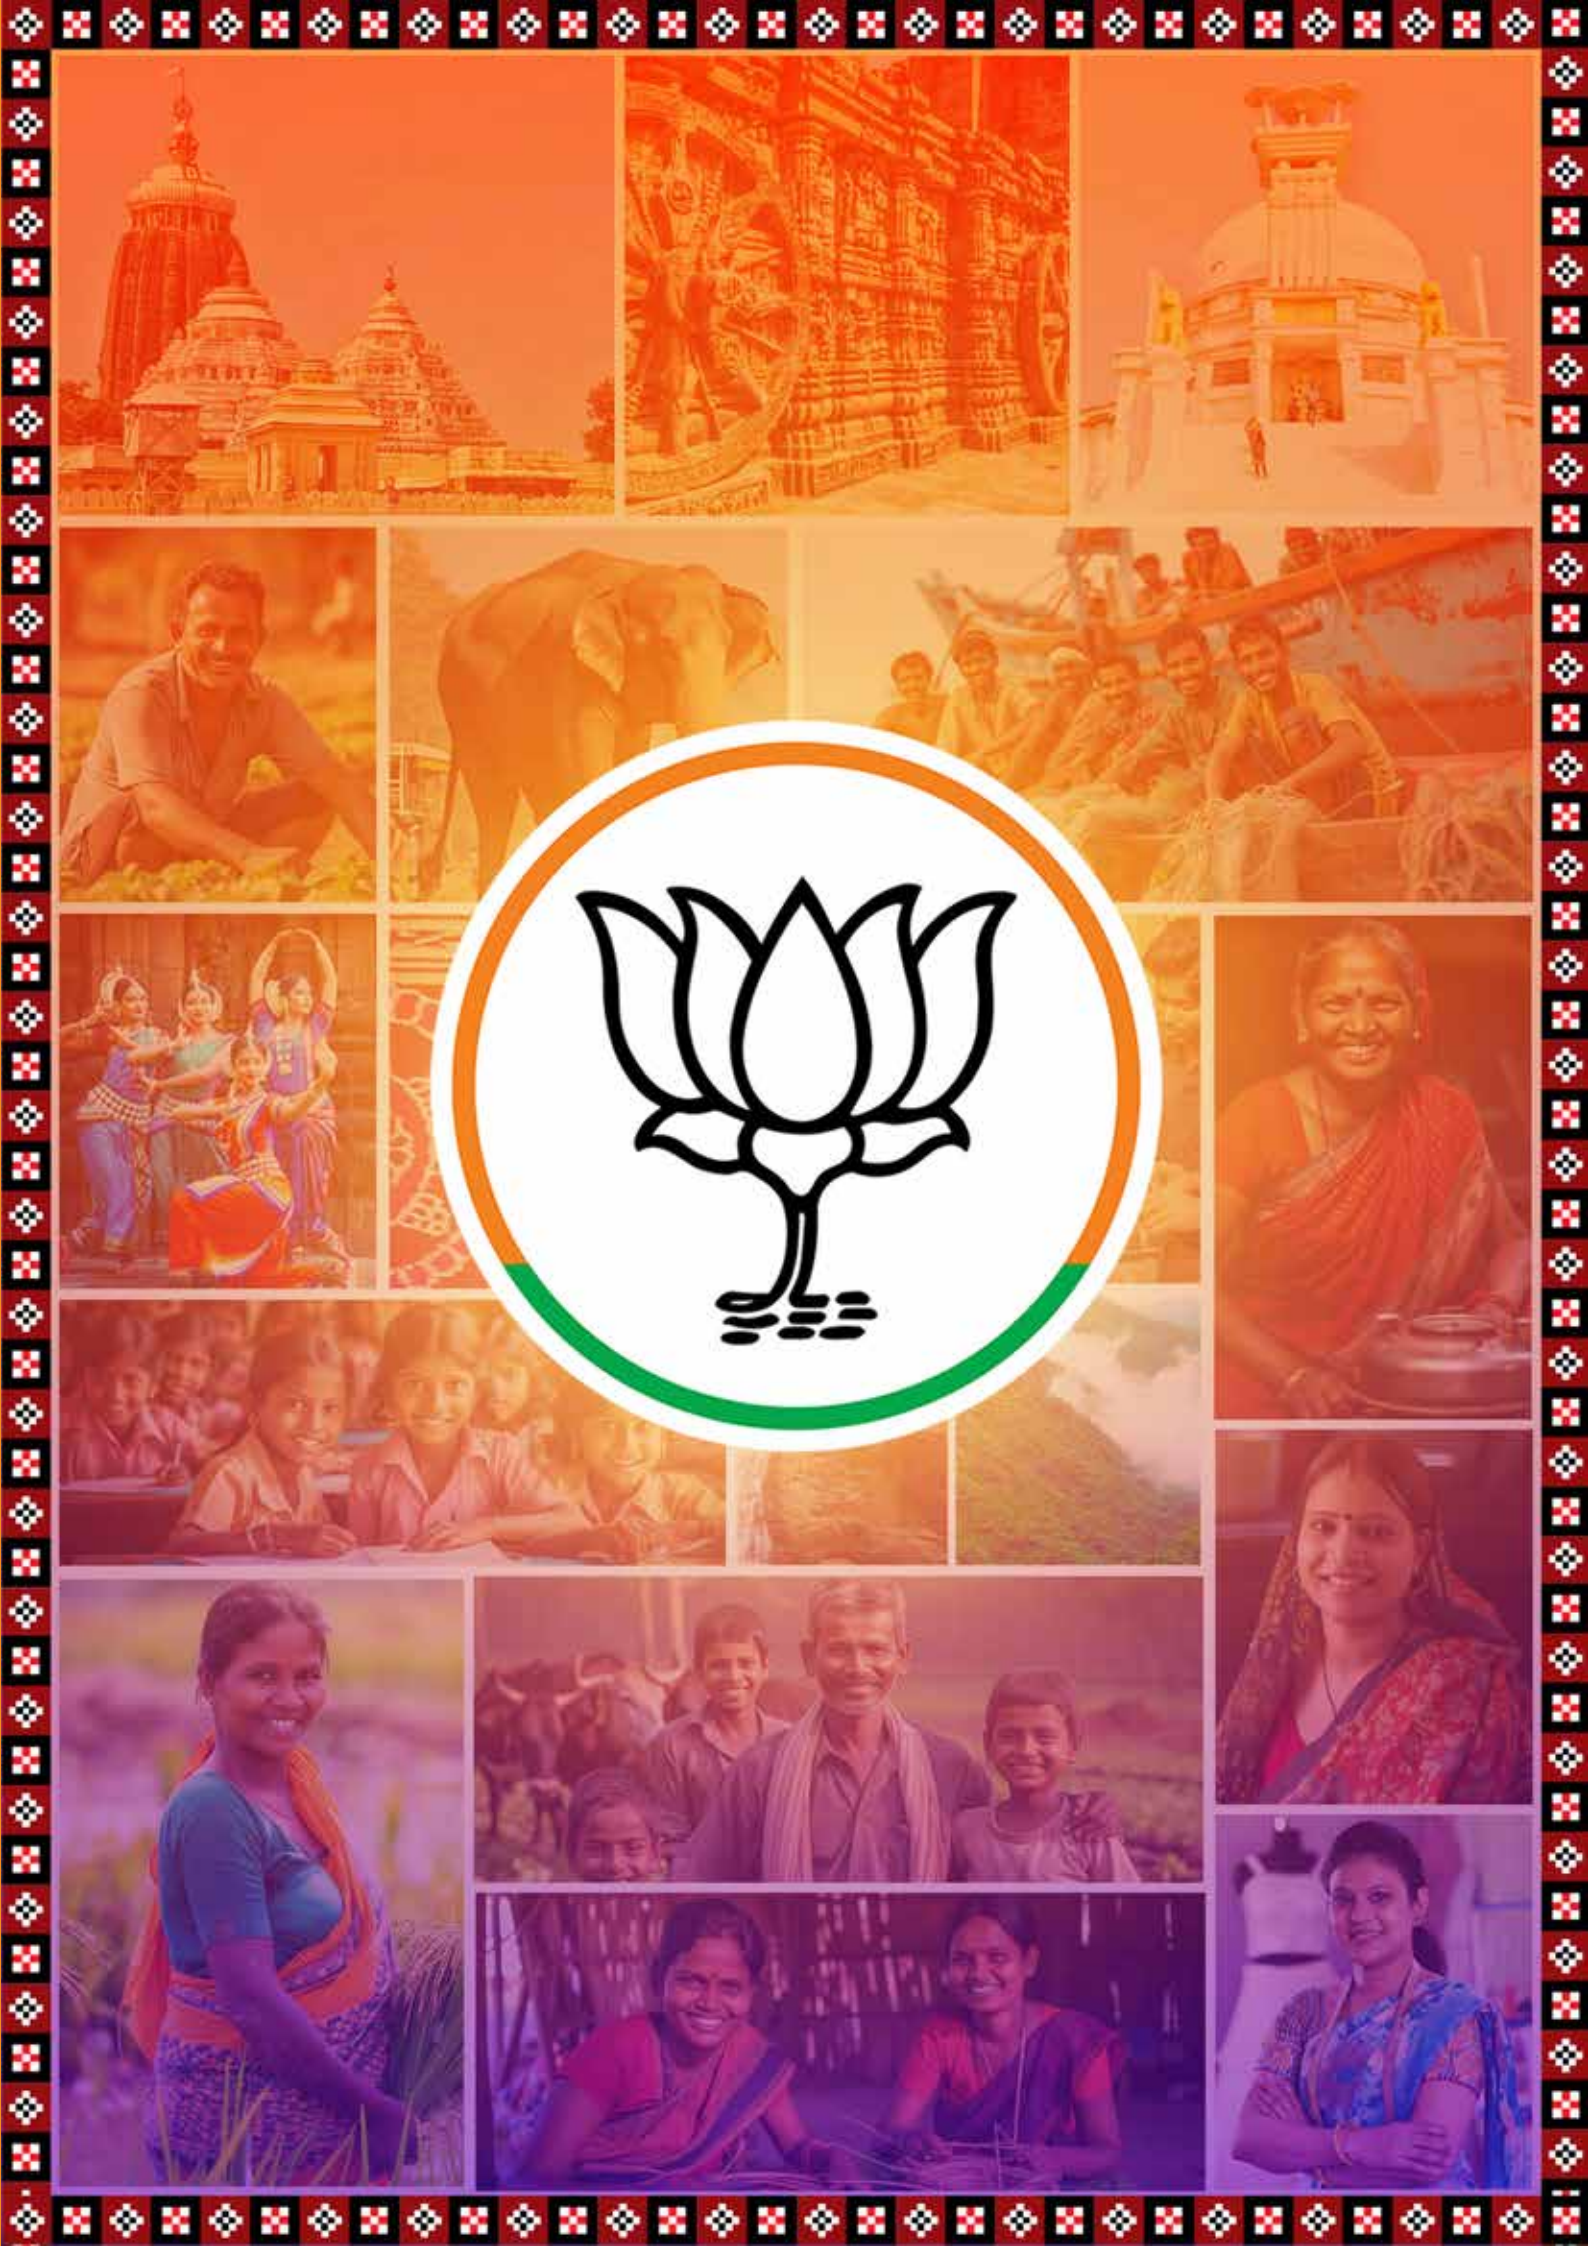

Jai Hind !
